

# green-sky THINKING

...from The Co-op

With our friends at Trees4Travel, Travelmaker now offers Co-operative society members the opportunity to do their bit for the environment! We can now plant trees on your behalf to offset your own carbon footprint

Flying with Travelmaker gives you the option of offsetting your journey and is not compulsory, we just like to be able to offer our members and customers the chance to help if they can!

Here's how much it costs to plant enough trees to offset your carbon footprint...
